PROFESSIONAL SUMMARY

Results-driven Computer Science student with proven expertise in software development, network management, and UI/UX design. Skilled in programming, problem-solving, and collaborative project leadership. Experienced in internships, volunteer leadership, and high-impact community initiatives. Passionate about delivering innovative technical solutions while fostering inclusive, growth-focused environments.

TECHNICAL SKILLS

- Programming Languages: Java, JavaFX, C, C++, Python, JavaScript
- Databases: SQL Integration, MySQL
- Frameworks & Tools: React, JavaFX, Bootstrap, Spring Boot, Git, GitHub, Figma, Postman, VS Code, IntelliJ IDEA, MySQL Workbench, React
- Development: Web Application Development, Mobile Application Development
- Networking: Network Infrastructure Monitoring, Network Troubleshooting
- Other: Application Programming, Frontend Development

PROFESSIONAL EXPERIENCE

Network Management Solution Intern – Orange Egypt (Aug 2025)

- Assisted in monitoring, maintaining, and troubleshooting network infrastructure.
- Supported automation scripts to improve operational efficiency.
- Documented processes and assisted in network performance optimization.
- Built Knowledge base system

Summer Intern – CIB Egypt (July 2025)

- Gained exposure to banking systems and operations.
- Assisted in IT department tasks including software updates and troubleshooting.
- Supported cross-functional teams to ensure smooth business operations.

Front-End Software Engineering Virtual Experience Participant – Skyscanner via Forage (July 2025)

- Built a web application using React and integrated Skyscanner APIs.
- Designed and implemented a responsive packing tips feature.
- Applied UI/UX best practices for improved user experience.

VOLUNTEER EXPERIENCE

Leader & Organizer – Google Developers Group on Campus, AAST Aswan (Ongoing) - Lead community initiatives and organize technical workshops. - Mentor student teams to deliver impactful projects.

Core Member – Google Developers Group on Campus, AAST Aswan (Sept 2024 – Aug 2025)

- Coordinated learning sessions and technical events.
- Provided mentorship and guidance to development teams. Contestant & Volunteer – ECPC Egyptian

Collegiate Programming (ECPC) Contestant & Volunteer (Aug 2024)

- Supported logistics, managed participant registrations.
- Competed in national programming contests.

EDUCATION

Bachelor of Science in Computer Science, Software Engineering Major
(Expected Graduation: 2027) Arab Academy for Science & Technology
